

Ossama Abdein

Front-End Developer

Nasr City, Cairo. | 01097219055 | ossamaabdein@gmail.com
<https://www.linkedin.com/in/ossamaabdein> | <https://github.com/ossamaabdein>

OBJECTIVE

An enthusiast software developer, focused on the Front-End and trying to make responsive and accessible web apps that guarantee users a good and smooth browsing experience.

EXPERIENCE

Front-end Developer | Beyond Creation

Mar 2022 – Present

- Producing stunning visual elements of web applications by translating UI/UX design wireframes into code while producing high-quality, reusable markup using HTML5 and CSS3.
- Building Single Page Applications (SPA) using Next.js for its Server Side Rendering (SSR) and Search Engine Optimization (SEO) benefits.
- Expand features, refine code, and improve processes, producing smoother operations and enhancing user engagement
- Technology stack: React.js, Next.js and Node.js.
- **Main Projects:**
 - [Sunbulah](#)
 - [ODH \(Orascom Development Holding\)](#)
 - [Walima](#)
 - [Hyde Park](#)
 - [Ajman Sustainability Report](#)

Front-end Developer | DubiSign

Jan 2022 – Mar 2022

- As a fresh front-end developer, I worked on a project for one of our clients in Dubai. I've translated the UI design into responsive code for different screen sizes, linked the view to the database via APIs.
- Technology stack: React.js – PHP/Laravel
